EDUCATION

Islington College   Kathmandu, Nepal
MSc IT in AI   *Feb. 2025 – Feb 2027*

Islington College   Kathmandu, Nepal
BSc IT in computing   *Jun 2019 – Dec 2022*

WORK EXPERIENCE

AB Group Dev Factory   Nov 2024 - Jul 2025
Flutter Developer   *Kathmandu, Nepal*
- Developed HR management systems for employee check-in/check-out, location tracking, and report generation.
- Integrated features like appointment booking, video calls, and payment systems in medical app with multiple flavors.
- Built Restaurant application (Waiter, Admin, Chef) to streamline order management and kitchen workflows.

Alpas Technology   Mar 2024 – Sept 2024
Flutter Developer   *Kathmandu, Nepal*
- Collaborate effectively within an Agile team to ensure timely delivery of features and updates.
- Created detailed documentation for application features, workflows, and deployment processes.
- Implement custom platform-specific app flavoring to streamline development and deployment.

Jaruwa Nepal   Jul 2022 – Feb 2024
Flutter Developer   *Kathmandu, Nepal*
- Designed independent UI/UX for multiple applications, ensuring intuitive and user-friendly interfaces.
- Created detailed system flow diagrams and application-side documentation to streamline development and onboarding processes.
- Manage end-to-end application releases across multiple platforms (iOS, Android, Web).

Robotics Association of Nepal   Jan 2022 – Jun 2022
Flutter Intern   *Kathmandu, Nepal*
- Assisted in developing and testing mobile applications using Flutter and Dart, ensuring functionality and user experience.
- Participated in team meetings and contributed ideas for improving application workflows.
- Gained hands-on experience with UI/UX design principles, API integration, and version control (Git).

PROJECTS

Lalitpur Metropolitan City Alert App
- Firebase & Socket.io integration
- Multi-environment app flavoring
- API data synchronization
- Background notification service
- Efficient notification handling
- Secure location handling

Restorma (Admin/Waiter/Chef/User)
- Flutter Bloc and Clean architecture pattern
- POS printer integration
- KOT/BOT printing module
- Multiple paper size support
- Firebase Push Notification
- Dynamic dark/light themes

My Peopler
- Employee Attendance system
- Clean Architecture
- Secure Isar local data storage
- Background Location Tracking
- API Integration
- Jitsi Video call Integration

Gharghar Ma Doctor
- Zoom Video Integration
- QR scan/read feature
- Esewa and Khalti Integration
- Local Auth Integration
- Chat Implementation
- Token refresh handling

TECHNICAL SKILLS

Technical: Flutter, Dart, Bloc, Provider, Riverpod, GetX, Firebase, Git, Clean Architecture, MVVM, MVC

Tools: Vscode, Xcode, Postman, Android Studio, Figma
